

# STEP 1 K A R T

**TAKE YOUR FIRST STEP.** The Step1 Kart is an "out of the box" turn-key karting package that fits anyone's budget. For track operators, the Step1 Kart can be used as a great school kart, arrive & drive fleet kart or as the basis of a spec class program. For the average karter, it is a reliable, fun and inexpensive package that comes ready for you to go have fun!

- Standard Features:**
- Ready to race out of the box!
  - 7hp Subaru engine package
  - 30mm chassis construction w/ 40mm axle
  - Sleek black Freeline bodywork
  - Vega racing tires
  - High quality aluminum components
  - Low price!

The **STEP1 Kart** is powered by a race-ready Subaru engine package churning out a reliable 7-HP. With simple bolt-on engine modifications, the powerplant can be boosted to up to 12-HP.
